

### Your Perfect Choice for Book Scanning

<2 mm

- Support A3-sized document
- Brightness and contrast controls to customize color output for specific applications
- Professional bundled software includes Avision Button Manager, Avision AVScan and ScanSoft PaperPort
- Hi-speed USB 2.0 interface ( USB 1.1 compatible)
- Includes TWAIN and ISIS Driver
- Hold up to 50 pages in auto document feeder, and scan up to 50 pages per minute ( ADF optional )
- One button functionality allows you to assign up to nine scanning applications and perform at the touch of a button

The Avision FB6080E is the administrator's perfect choice for A3-sized book scanning solution. With the innovative and patented front platform, the Avision FB6080E allows you to easily scan the entire contents of a book, without generating the dark, shadowy area between the adjacent pages.

With the unique front platform, you can place your book easily on the scanner without worrying if the book will be damaged and if the scanned image will be distorted.

In addition, with the help of the exclusive bundled software application, the Avision's Button Manager, high-volume document can be scan continuously with only a simple click of your mouse.

The Avision FB6080E is also the ideal choice for business professional's who frequently need to scan large-sized documents. These professionals include mechanical engineers or art designers who need to scan engineering or art drawings. Its core image processing components are CCD based, giving the images generated by the FB6080E picture-perfect quality while meeting the most stringent demands of business professionals anywhere.

#### Dual Driver

You can use the same driver for an Avision sheetfed scanner and an Avision flatbed scanner such as FB6080E when they are both attached to your computer. By sharing the same TWAIN driver, you can use these two scanners as a complete document scanner.

#### What we have bundled

The Avision FB6080E scanner comes with TWAIN and ISIS drivers and is also bundled with Avision Button Manager, Avision AVScan and ScanSoft PaperPort.

#### Avision's Button Manager

**Complete your scan in a single step**

Avision's state-of-the-art software application, the Button Manager, enables you to complete complex scanning task in just a single step. When the button is pressed, the scanner automatically scan your documents and convert them to a highly compressed file format, Adobe searchable PDF, or other image format and then send the file to a designated folder, or other destination applications such as e-mail, printer, or your favorable software application. The original step-by-step procedure is replaced with only a single touch of the button.

## Button Manager

Deliver and Manage Your Document Better on the Internet

### Fit for both first-time and experienced users alike

For first-time users, Avison's Button Manager provides a true ease-of-use with the 9 pre-configured file formats and destinations. For advanced users, Avison's Button Manager makes full customization possible. For example, you can change scan settings, file formats, or even add new destination software application to fit your own scanning needs.

### Automatically converts to Adobe certified searchable PDF

Incorporated with Adobe's PDF scan library, Avison's Button Manager allows users to scan and convert document to a increasingly popular and effective compression file format, Adobe searchable PDF, to share and manage high volume or high-resolution color documents on the internet in an unprecedented high quality and speed.

### Adobe searchable PDF makes document management better

For many years, Adobe PDF files have become one of the most widely used file format for distributing digital documents on the internet especially for financial

service, governments, and manufacturing industries which have a high demand to digitize and store the massive amounts of paper-based information on a daily basis. Now, with Avison solutions enabled by Adobe's PDF Scan Library, users will have more features to create, make searchable, compress, secure, share, and archive files at the high speed of 7.5 pages per minute and with an accuracy rate of 97.75% (in-house assessment sample). Heavy duty paper documents stored in large cabinets can be saved and managed more effectively to digital format by searching key words in a few seconds.

## Three Simple Steps to use the Avison Button Manager

1. When the Avison Button Manger is successfully installed, the Button manger Panel will display at the right corner of your Windows System tray.
2. Right-click the button to check the button configuration to ensure proper file format and a destination application.
3. Left-click the button on the Button Panel or the "Scan" button on the scanner. The scanner starts scanning and sending the image to your destination.

## ScanSoft PaperPort

- The Professional Choice to Organize and Share Your Documents

PaperPort is the easiest way to turn piles of paper and photos into organized files that you can quickly find, use and share. Stop wasting time searching for paper documents. End the frustration of organizing, editing and sharing your digital photographs. PaperPort makes it simple to connect your scanner and computer together to work with PDF and JPEG images just like working with paper documents right on your desktop. It is the perfect solution for your home or small office. Save time and money with the security of knowing that important documents and photos will never be lost.

*\*DjVu: Button Manager is able to convert your image file to a DjVu format, yet this is an optional and special edition.*
