

Slim, and Easy-to-use

Features:

- Large 11.7" x 16.5" scanning area
- Multiple images cropping
- Easy-to-use button scanning
- Auto crop, deskew and thresholding image-enhancing features
- Bundled software applications include Avision Button Manager, Avision AvScan 5.0, ScanSoft PaperPort 11SE

The FB5000 is Avision's next generation of A3 flatbed scanner. Based on CIS (Contact Image Sensor) technology, the scanner is much more slimmer compared to traditional scanner with CCD design.

Capable of scanning up to A3 size, the slim FB5000 is perfectly suited to scan complete book spreads, two letter-sized pages (simultaneously), large-format magazines, legal-sized documents, photographs and more, all in brilliant color.

In addition, the scanner comes with the convenient feature of multiple images cropping. With this feature, various sizes of documents such as photos, ID Cards, or business cards can be placed on the flatbed and the scanner is able to crop and create multiple images according to the original sizes of the documents in one single scan.

To increase ease of use, a convenient, programmable button feature permits users to pre-set nine customized functions for different scanning needs. For example, you can send your image to nine preset destinations such as printer, e-mail, folder, or photo editing software application in PDF, TIFF, JPEG, GIF, or BMP file format by simply pressing a button.

Avision's

Button Manager scans directly to Adobe® certified searchable PDF!

What we have bundled

The Avision FB5000 scanner comes with TWAIN and ISIS drivers, and is bundled with Avision Button Manager, Avision AvScan 5.0, and ScanSoft PaperPort 11SE software application.

Avision's Button Manager

Complete your scan in a single step

The Button Manager main screen

Avision's state-of-the-art software application, the Button Manager, enables you to complete complex scanning task in just a single step. When the button is pressed, the scanner automatically scan your documents and convert them to a highly compressed file format, Adobe searchable PDF, or other image format and then send the file to a designated folder, or other destination applications such as e-mail, printer, or your favorable software application. The original step-by-step procedure is replaced with only a single touch of the button.

Avision FB5000 A3 Slim Flatbed Scanner

Button Manager

-Deliver and Manage Your Document Better on the Internet

Fit for both first-time and experienced users alike

For first-time users, Avison's Button Manager provides true ease-of-use with 9 pre-configured file formats and destinations. For advanced users, Avison's Button Manager makes full customization possible. For example, you can change scan settings, file formats, or even add new destination software application to fit your own scanning needs.

Automatically converts to Adobe certified searchable PDF

Incorporated with Adobe's PDF scan library, Avison's Button Manager allows users to scan and convert document to a increasingly popular and effective compression file format, Adobe searchable PDF, to share and manage high volume or high-resolution color documents on the internet in unprecedented quality and speed.

AvScan 5.0

-The Intelligent Document Management Tool

The AvScan 5.0 main screen

Document Imaging is the very first step of Document Management. However, poor quality images can cause serious problems to later indexing or storing processes. It may increase scanning labour costs and lowers the OCR accuracy. AvScan 5.0 ensures all documents are checked and polished at the time they are scanned such that the image quality is guaranteed before they are ready to use for other purposes.

AvScan 5.0 is an intelligent scanning and electronic filing solution. AvScan 5.0 possesses distinct features that convert and index scanned information into electronic documents for easy storage and fast retrieval.

ScanSoft PaperPort 11SE

- The Professional Choice to Organize and Share Your Documents

PaperPort 11SE is the easiest way to turn piles of paper and photos into organized files that you can quickly find, use and share. Stop wasting time searching for paper documents. End the frustration of organizing, editing and sharing your digital photographs. PaperPort 11SE makes it simple to connect your scanner and computer together to work with PDF and JPEG images just like working. It is the perfect solution for your home or small office. Save time and money with the security of knowing that important documents and photos will never be lost.

*DjVu: Button Manager is able to convert your image file to the DjVu format. This is an optional and special edition.
